**Electrical Engineer #49024 Arizona**  
**Subj: Code of Conduct for Greenfield Village Solar Installations**

**Triage Code of Conduct**

**The Solar Industry is environmentally-friendly**  
**We believe that business should be people-friendly**  
**We all have responsibilities to each other.**

- ✓ **We will wear neat blue work coveralls.**
- ✓ **We will wear a matching blue baseball style cap facing straight forward.**
- ✓ **We will only have one vehicle at a property.**
- ✓ **We will keep our work area clean and orderly.**
- ✓ **We will not discard any trash or debris on your property or in your neighborhood.**
- ✓ **We will not play any music or talk radio while on the job.**
- ✓ **We will not shout back and forth and no profanity will be used.**
- ✓ **We would like the opportunity to work hard and do an exceptional quality job.**
- ✓ **We will take breaks and will leave your community to do so.**
- ✓ **We will not wander the property or the neighborhood.**
